

REMARKS

The specification has been amended to add a cross-reference to the parent PCT application, of which the present application is a continuation, and which designated the United States.

Several of the claims have been amended to delete multiple claim dependency, and claim 14 has also been amended to conform it with the specification.

Should the examiner have any question after considering this Preliminary Amendment, he is cordially invited to telephone the undersigned attorney so that any such question can be quickly resolved in order that the present application can proceed toward allowance.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Alfred J. Mangels', with a long horizontal flourish extending to the right.
